TRAINING CERTIFICATE

To Whomsoever It May Concern

Mr. KALIDASS M, 3rd year B.E Department of Metallurgical Engineering, PSG College of Technology, Coimbatore, Tamil Nadu, India, has carried out project work under my guidance at Fusion Reactor Materials & Laser Processing Section, BARC, Mumbai, India; during summer period of **12th May 2019 to 10th July 2019.** He has actively participated in the project work assigned:

1. **Electron Beam and Laser Hybrid welding Studies on Ni-Cr-Mo based Super alloy of C-276 variety for optimization of Process parameters,**
2. **Excimer Laser ablation cleaning of Mo based TZM alloy, Cu & Cu based brass alloy**

He has successfully completed the above project work with excellent and productive results. During the period of training, I strongly felt that the candidate has gained adequate technical knowledge and experience. He has shown excellent analytical skills and aptitude to work hard. His ability to work independently with good inter-personal relations was praiseworthy.

Sankar Pr. Chaksaborty
